Product Description

STIHL BG 86 C-E Handheld Blower

Ultimate power meets ultimate simplicity in the STIHL BG 86 C-E. This blower is the best of both worlds, offering the same no-compromise power and comfort found in the BG 86 but with the technology of STIHL Easy2Start™. Now, starting the engine is fast and easy for just about anyone—just a long slow pull of the start cord is required instead of a hard jerk. To make it even easier, this blower has the simplified starting system that incorporates a specialized stop switch that automatically returns to the start position, as well as a semi-automatic choke lever that helps prevent accidental flooding. Just like the BG 86, this Easy2Start™ model also comes with both flat and round nozzles for better versatility on the job.
